

# Resource Conservation Solutions

## Water Heating Solutions

**DRF offers guaranteed solutions for every domestic water issue you encounter!**

Our Resource Conservation Solutions programs have saved hundreds of thousands of therms and millions of gallons of water for multi-family properties, from apartment buildings and condos to universities and medical facilities.

Do you have a property with a central system or in-unit water heater? Let DRF provide convenient, same-day, direct dial, water heater installation scheduling for your residents at a price that you've already approved! We can also customize a program to suit your needs.

- Same-day water heater installation
- Emergency service available 24/7/365
- Licensed, bonded & insured plumbing contractor
- Package options that include extended warranties and property safety features
- Utility rebates available

### Resource

An economic or productive factor required to accomplish an activity. Resources are land, labor, and capital; energy, information, expertise, management, and time.

### Conservation

The protection, preservation, management, or restoration of resources; prevention of injury, decay, waste, or loss.

### Solutions

The process of determining the answer to a problem or dealing with a difficult situation; a method of solving; the correct answer to a puzzle.

## DRF has installed more than 120,000 water heaters throughout the Midwest

DRF has multiple locations to provide rapid response to your hot water emergencies. With more than 500 water heaters in stock, a seven-day-a-week call center, and trained, licensed professionals on staff, there is no reason to shop anywhere else. DRF Trusted Property Solutions is your maintenance and installations service provider for Chicago and all of Northern Illinois.

AN INVESTMENT THAT SAVES THE EARTH, SAVES MONEY, AND PAYS FOR ITSELF!
