

# HEATERS FOR REFUGE

DRF and Rheem have partnered to offer hot water to customers and refuge to those in need. For every water heater installation purchase, a donation will be made to Reclaim13, a humanitarian organization whose mission is to end the cycle of sexual exploitation of America's youth.

Our goal is to sell hundreds of water heaters and donate tens of thousands of dollars to Reclaim13. To take advantage of this special offer, call us at 630-995-8625 and mention Reclaim13.

Join us in turning on the heat and turning up the compassion. Choose DRF and Rheem in helping Reclaim13, where your comfort meets community care!

Reclaim13's mission is to end the cycle of sexual exploitation. This cycle begins in an individual's life, and without intervention, continues into the next generation. Most trafficked children were sexually abused, neglected, or received other forms of maltreatment as children. Once abused, a child is more vulnerable to further abuse and, potentially, exploitation. Child sexual exploitation has potential long-term consequences in the life path of survivors, including vulnerabilities for intimate partner violence, further abuse, and involvement in damaging relationships. Reclaim13 intervenes in this cycle and works toward a world where all children can grow up feeling safe and loved. Learn more at [reclaim13.org](http://reclaim13.org).
